# Abhishek Diwate

+919021519812| |abhishekdiwate1299@gmail.com| Pune (India)

## PROFILE

Motivated and detail-oriented cybersecurity professional with a B.Tech degree and one year of hands-on experience in security operations, threat detection, cloud security, identity and access management, and network security through my internships. Certified Ethical Hacker (CEHv13) with expertise in using industry-standard tools. Possess a solid understanding of cybersecurity principles, networking protocols, and threat analysis, and staying updated on the latest security trends

## PROFESSIONAL EXPERIENCE

### Intern (SIEM)
*Allianz Technology, Pune, Jan 2025 – Aug 25*
- Used AWS Inspector for vulnerability assessment and categories the severity of the services
- Monitored and analyzed IAM logs in Splunk to detect unauthorized access attempts
- Investigated phishing threats using defined guidelines to block IPs
- Maintained detailed incident documentation and post-incident analysis reports, improving team readiness and response efficiency
- Followed latest cloud security trends and shared useful updates with team

### Intern (SOC)
*Secure Sphere Foundation, Remote, Sep 2024 – Dec 2024*
- Monitored system logs and firewall alerts using Splunk to identify and resolve incidents to ensure system availability
- Assisted in configuring firewalls, VPNs, and endpoint security tools
- Collaborated with SOC L2 teams for threat escalation and remediation planning

## SKILLS

**Technical**: Kali Linux, Splunk, Python, Nmap, Metasploit, Wireshark, TCP/IP, OWASP Top 10, MITRE ATT&CK, Jira

**Soft:** Analytical Thinking, Communication, Collaboration, Problem Solving, Adaptability, Documentation

## CERTIFICATIONS

- CEHv13AI
- Python, NPTEL
- AWS Certified Cloud Practitioner, AWS
- CCNA, Cybersec
- Web App Scanning, Qualys
- Linux, Udemy

## EDUCATION

**B.Tech – E&TC**
Sanjivani College of Engineering, Kopargaon, CGPA: 7.86, 2019 – 23

## ACHIEVEMENTS

- Ranked in the top 4% on TryHackMe, completing various hands-on labs in VAPT, CTFs, and network security.
- Presented research paper on machine learning applications at an IEEE International Conference (Salem)

## VOLUNTEER EXPERIENCE

- Conducted training and education to protect against online threats. Taught students how to stay safe while using the internet.
